1. A new cut in gasoline allotments has been ordered in the East Zone for December 1950. In September, October, and November 1950, 35% of the June and July allotments were distributed. According to unconfirmed reports, this allotment has been cut to 20%.
2. Employees of the Landratsamt Bitterfeld report that the shortage is the result of stockpiling, plus the fact that at the Zeitz and Leuna works there has been increased conversion to the production of aviation gasoline.
